

SCRUBTEC 343.2

Maximum performance in a small and handy machine

Foot operated squeegee lifting system. The squeegee is placed close to the machine body providing better turn away from walls and improved maneuverability.

The large 31 liter solution tank and high brush pressure makes the SCRUBTEC 343.2 the perfect scrubber dryer for all cleaning tasks.

Handle with yellow safety switches. When the operator removes the hands from the yellow switches, the machine automatically stops.

Built-in hook protects your brush during transport between cleaning locations

Ideally suited for:

- Garage and car facilities
- Supermarkets
- Restaurants
- Hospitals
- Schools
- Food industries

More productivity thanks to high brush pressure and large tank capacity

SCRUBTEC 343.2 is the 2.0 version of the widely popular SCRUBTEC 343 but updated with the latest and most advanced technologies in squeegee system, solution flow, safety and performance. It is the ideal scrubber dryer for light to medium floor cleaning tasks in schools, hospitals, supermarkets, and more.

It is a small, compact scrubber dryer with the functionality and capabilities of a much bigger machine but still easy to use and with high maneuverability.

- Improved comfort due to the new lifting squeegee system by foot pedal.
- Cleaner floors and increased productivity thanks to higher pressure and more suction.
- The deck regulation by knob gives you better traction and performance

With SCRUBTEC 343.2 you have the latest technology at your fingertips in a reliable and productive machine with excellent performance, high safety and low service costs.

SCRUBTEC 343.2 offers high pressure and great suction which mean cleaner floors in spite of the small and handy dimensions. It enables you to clean fast, efficiently - and due to the compact design even in hard to reach places.

- New cable less design means more reliability.
- New and improved polypropylene deck is more shock resistant.
- The redesigned brush and vacuum motor cover protects electrical parts and provide you with more safety and reliability (for cable versions only).

The productive choice for all your floor cleaning needs

- Ergonomic design
- New eco-friendly electrical water flow by operator position means better comfort
- Easy transport and storage
- Robust design with less risk of breakage saves service costs
- Increase traction when required with convenient knob
- Double scrubbing without wasting water saves costs and the environment
- Customize brush pressure and traction depending on conditions
- Quick and easy check of water level through the transparent hose
- Squeegee lifting with convenient foot pedal
- Deck regulation by knob and PU wheels give better traction and performance
- Brush and vacuum motor cover protects electrical parts for reliability and safety (only cable version)
- Yellow safety switch
- Available as battery or cable version
